MINING ENGINEERING INDEX TO VOLUME 61

January-December 2009

PART I

Feature Articles, Technical Papers, Industry Newswatch, News Briefs, Technology News Washington Survey, The Drift of Things and New Media

* Denotes feature article or technical paper

A

Abandoned mines
Gob seals - an effective alternative to structural seals* Nov 36

ABB
ABB wins order to supply new copper mine with $28 million in drive systems May 13
Accelerated weathering of limestone for CO2 mitigation: opportunities for the stone and cement industries* Feb 27

Accounting
Practical challenges for the mine: precious metals accounting and reconciliation* Oct 17

Africa
AngloGold to team up with De Beers in offshore venture Nov 14
Diamond market might shine again sooner than later May 10
Freeport-McMoRan producing metal at Tenke Fungurume Dec 12
Tenke-Fungurume copper mine production is progressing well Jul 15
Value of diamond deals declined 73 percent in 2008 Aug 13

Aggregates
NSSGA creates greenhouse gas protocol for aggregates Feb 14

Alaska
$59 million approved for work at Pebble Project in 2009 May 9
NovaGold suspends operations at Rock Creek Mine Jan 18
Pebble Project moves forward after election victory* Jan 38
Red Dog Mine could expand soon Nov 10
Supreme Court listens to Kensington gold mine case Feb 10
U.S. Supreme Court clears the way for Kensington gold mine Jul 12

Albanese, Tom
Mining greats to be honored at 27th annual American Mining Hall of Fame Awards Banquet* Nov 32

Alcoa
Alcoa weighs in on climate change legislation Mar 13
More jobs lost because of slumping economy Feb 23

Alliance Resources Ltd.
Australian Environment Minister approves country's fourth uranium mine Aug 19

Alpha Natural Resources
Alpha Natural to buy Foundation Coal for $1.4 billion Jun 10

Alumina
FLSmidth wins alumina project in India Sep 15

Aluminum
Chinalco plans to invest nearly $20 billion into Rio Tinto Mar 11
Flooding at Rusal power plant could cost company 500 kt of aluminum Sep 13
Rio Tinto Alcan gets loan for AP50 pilot plant Jun 18

Amarc Resources
Canadian companies make their pitch at PDAC Apr 22

Ambatovy
Sherritt International and Ambatovy close in on $4.5 billion nickel deal Jul 16

American Clean Energy and Security Act
U.S. House passes climate change legislation bill Aug 6

American Energy Corp.
Fire brigade training conducted by Murray Energy Oct 29

Ampla Plant Metal Accounting
Ampla's Plant Metal Accounting V 1.0 is released* May 73
Analysis of seismic signatures from gas- and dust-based explosions at the Lake Lynn Experimental Mine* Jun 91

Anglo American
$59 million approved for work at Pebble Project in 2009 May 9
AngloGold to team up with De Beers in offshore venture Nov 14
Pebble Project moves forward after election victory* Jan 38
Xstrata, Anglo American discuss possible merger Jul 11

AngloGold Ashanti
AngloGold to team up with De Beers in offshore venture Nov 14
Eldorado Gold completes sale of San Bento gold mine Jan 24
Newmont raises $1.56 billion to purchase controlling stake in Boddington gold mine Mar 16

Annual Review
Coal Review* May 50
Mining Review* May 23

Antofagasta Plc
Production down, costs are up at Antofagasta Sep 11

Apodaca, L.E.
Bromine - a look at 2008 activity Jul 32
Industrial Minerals Jun 61

Appalachia
Hold on mining permits could lead to massive job losses, NMA warns May 8

Aquarius Platinum
South African Platinum mine restart might be a year away Aug 14

Arch Coal
Arch Coal acquires Jacobs Ranch mine from Rio Tinto Apr 8
Clean coal research gets a boost from Peabody Energy and Arch Coal Jan 13

Argentina
Barrick Gold's Pascua-Lama gold silver project finally a go Jun 4
Barrick moves closer to production at Pascua-Lama gold project Apr 26
Barrick to sell 25 percent of Pascua-Lama output Oct 10

Arizona
250 expected to be hired at Freeport-McMoRan's Miami Copper mine Dec 16
Caterpillar celebrates its official launch of the F series trucks* Dec 34
Chevron Mining donates land for Navajo Code Talkers museum Sep 13
Desert tortoises could halt more than 1,000 mining claims Oct 13
Freeport-McMoRan finds new way to put waste oil to use* Jan 45

Asarco
9th Circuit Court of Appeals blocks Asarco's land swap with BLM Oct 6

Asian Mining
Impact of China on drilling grade barite* Jul 25
Assessment of engineering noise controls at a talc processing plant* Apr 70

Atlas Copco
Continuous improvement and teamwork are the keys to success at Phoenix Mine* Apr 34

ATW Gold
Kinbauri Gold and ATW Gold to merge Aug 12

Australia
BHP Billiton cuts jobs, closes mine in Australia Mar 15
BHP ends its bid for Rio Tinto Jan 12
Cameco opens office in Perth to advance plans at Kintyre deposit May 9
China detains Rio Tinto executive on spying charges Aug 11
China's Yanzhou Coal Mining acquires Australia's Felix Resources for $3.5 billion Sep 14
Eldorado to buy Sino Gold for $2 billion Oct 15
FerrAus to assume control of the Silver Swan North project Aug 12
Leica Geosystems expands with acquisition of Rinex Technology Feb 37
Newmont raises $1.56 billion to purchase controlling stake in Boddington gold mine Mar 16
Olympic Dam expansion study to be available by mid-2010 Sep 8
Peabody cuts Powder River Basin coal production, Rio Tinto scales back in Australia Feb 18
Third quarter earnings strong for Newmont Mining Dec 10

Australian Mining
Australian Environment Minister approves country's fourth uranium mine Aug 19
Bendigo Mining growing with purchase of Henty gold mine from Barrick Aug 19
Boddington gold mine moves closer to production* May 18
Realistic simulation accelerates safety evaluation of mine designs* Aug 17

Automation
Caterpillar celebrates its official launch of the F series trucks* Dec 34

B

Bailly, Paul, A.
National Mining Hall of Fame to honor five during 22nd ceremony* Aug 24
Bank of America
Bank of America to cut lending to coal companies Jan 16
Barite
Impact of China on drilling grade barite* Jul 25
Industrial Minerals* Jun 34
Barr, R.
Mining for operational excellence Nov 26
Barrick Gold
Barrick Gold announces bought deal increased to $3.5 billion to meet investor demand Oct 20
Barrick Gold's Pascua-Lama gold silver project finally a go Jun 4
Barrick moves closer to production at Pascua-Lama gold project Apr 26
Barrick reports $5.4 billion loss Dec 10
Barrick to sell 25 percent of Pascua-Lama output Oct 10
Barrick's Zaldivar Mine gets a dome cover over its stockpile* Aug 20
Bendigo Mining growing with purchase of Henty gold mine from Barrick Aug 19
Judge refuses to halt Nevada gold mine Mar 14
Barrick's Zaldivar Mine gets a dome cover over its stockpile* Aug 20
Barriers
Stability analysis of barriers protecting underground mine entries in coal slurry impoundments* Mar 37
Base metals
Measuring carbon emissions from base metal mine sites* Apr 29
Metals Economics Group releases review of trends in base metals and gold acquisitions Jun 16
Stagnant industry cannot keep thousands away from PDAC* Apr 15
Bauer, E.R.
Update on refuge alternatives: research, recommendations and underground deployment Dec 51
Bauxite and alumina
Industrial Minerals* Jun 35
Bealko, S.
Mining haul truck cab noise: an evaluation of three acoustical environments Oct 36
Bear Run Mine
Peabody announces long-term supply agreement and new mine in Indiana Apr 8
Beck Arndt Engineering* Aug 17
Realistic simulation accelerates safety evaluation of mine designs* Aug 17
Behre Dolbear Group
United States ranks fourth in countries to invest; but scores low in permitting Mar 9
Belt air*
Utilization of belt air to ventilate working sections in underground coal mines* Apr 77
Bendigo Mining
Bendigo Mining growing with purchase of Henty gold mine from Barrick Aug 19
BHP Billiton
BHP Billiton cuts jobs, closes mine in Australia Mar 15
BHP ends its bid for Rio Tinto Jan 12
BHP seeks environmental approval for iron expansion Jul 8
Olympic Dam expansion study to be available by mid-2010 Sep 8
Opposition to Rio Tinto-BHP Billiton deal lining up Jul 10
Rio Tinto scraps deal with Chinalco; partners with BHP Jul 8
Some signs of improvement in the mining industry Sep 4
Bingaman, Jeff
New mining law reform bill introduced to U.S. Senate May 8
Bingham Canyon Mine
Kennecott discovers massive molybdenum deposit Nov 10
BioteQ
Metals recovered from mine water provide new revenue stream* Oct 22
BLM
9th Circuit Court of Appeals blocks Asarco's land swap with BLM Oct 6
American coal mines honored by the Department of the Interior Dec 14
Coeur d'Alene plans to expand Nevada silver mine Nov 12
Bluhm, B.
Advanced safety brakes are critical to dragline and shovel performance Jul 35
Boart Longyear
Boart Longyear 4200 surface drill features improved safety Jan 46
Boart Longyear coring bits pass field test Apr 27
Mining greats to be honored at 27th annual American Mining Hall of Fame Awards Banquet* Nov 32
Boddington gold mine
Boddington gold mine moves closer to production* May 18
Newmont raises $1.56 billion to purchase controlling stake in Boddington gold mine Mar 16
Third quarter earnings strong for Newmont Mining Dec 10
Bolen, W.P.
Industrial Minerals Jun 62
Bolivia
Plans for lithium mine in Bolivia submitted by France's Bolloré Oct 8
Bolloré
Plans for lithium mine in Bolivia submitted by France's Bolloré Oct 8
Bond, Christopher
Four amendments before U.S. Senate will control energy costs, protect coal jobs May 16
Borates
Industrial Minerals* Jun 36
Botswana
Diamond market might shine again sooner than later May 10
Bowman, Allan B.
Mining greats to be honored at 27th annual American Mining Hall of Fame Awards Banquet* Nov 32
Boxer, Barbara
Clean water bill could hurt economic projects Jun 8
Boyce, G.H.
Peabody cuts Powder River Basin coal production, Rio Tinto scales back in Australia Feb 18
Braden, William
National Mining Hall of Fame to honor five during 22nd ceremony* Aug 24
Bray, E.L.
Industrial Minerals Jun 35
Brazil
CVRD president turns to government to ease labor laws Jan 21
Rio Tinto sells mine to Vale Mar 12
Terex drill carousel innovation spurred by customer need* Nov 21
British Columbia
Teck announces full production at Trail zinc operations Sep 12
Bromine
Bromine - a look at 2008 activity* Jul 32

Bromine - a look at 2008 activity* Jul 32

Brookwood-Sago
MSHA awards $500,000 in Brookwood-Sago mine safety grants to six institutions Oct 14
Bucyrus
Bucyrus introduces HydraCrowd technology Mar 36
Bucyrus PMC family of controls offers longwall integration Jun 31
Improved Bucyrus Vers-A-Trac for longwall mining Jan 39
Burdisso, R.A.
Noise source identification on a horizontal vibrating screen Jul 47
Bush administration
Court refuses to overturn Bush-era mountaintop removal mining rule Sep 7
EPA plans to reconsider carbon emissions policy Nov 8
FutureGen back on track with funding from DOE Jul 14
Obama administration sides with Bush on polar bear ruling Jun 12

C

Cabrejos, F.
Improving storage and handling of ores in mining and processing operations Oct 25
Caldeira, K.
Accelerated weathering of limestone for CO2 mitigation: opportunities for the stone and cement industries Feb 27
California
New Gold completes merger with Western Goldfields Jul 16
Rare earths mine to come back on line to fuel green cars Oct 8
Calizaya, F.
Computational fluid dynamics study on hot spot location in longwall gob Aug 36
Utilization of belt air to ventilate working sections in underground coal mines Apr 77
Callie gold mine
Boddington gold mine moves closer to production* May 18
Camargo, H.E.
Noise source identification on a horizontal vibrating screen Jul 47
Cameco
Cameco opens office in Perth to advance plans at Kintyre deposit May 9
Cameco to defer some uranium projects Jan 35
Cameco's Inaki uranium project proceeds despite KazAtomProm arrests Jul 17
Production resumes at Port Hope plant Jul 17

Canada
ABB wins order to supply new copper mine with $28 million in drive systems May 13
Hostile takeover bid halted by Ontario court Mar 16
New mining law in Ecuador draws praise from Canadian miners Mar 12
Value of diamond deals declined 73 percent in 2008 Aug 13
Canadian Mining
Barrick moves closer to production at Pascua-Lama gold project Apr 26
Boart Longyear coring bits pass field test Apr 27
Cameco to defer some uranium projects Jan 35
Canadian companies make their pitch at PDAC Apr 22
Fraser Institute predicts a tough year ahead for mining industry Apr 24
Global economic woes hit Canadian mining hard* Jan 28
HudBay agrees to buy Lundin Mining Jan 37
Ivanhoe announces new discovery at Oyu Tolgoi project in Mongolia Jan 34
Metals Economics Group releases exploration survey for PDAC Apr 20
Minefinders pours its first gold dore from Dolores Mine Jan 34
Mining Association of Canada signs memorandum with Assembly of First Nations Apr 25
Stagnant industry cannot keep thousands away from PDAC* Apr 15
Teck invites pension funds to purchase stake in coal unit Apr 26
Vale Inco to construct a commercial hydromet plant at Voisey's Bay Jan 37
War Eagle to sample fly ash for germanium Jan 35
Canadian oil sands
Suncor offers C$18.43 billion for Petro-Canada May 12
Carbon capture
U.S. Department of Energy will spend $2.4 billion on carbon capture and storage* Jul 7
Western governors voice support for carbon capture storage in letter to Obama Apr 7
Carbon emissions
EPA plans to reconsider carbon emissions policy Nov 8
Measuring carbon emissions from base metal mine sites* Apr 29
Carbon sequestration
Accelerated weathering of limestone for CO2 mitigation: opportunities for the stone and cement industries* Feb 27
Benefits of carbon capture technologies are highlighted in new report Sep 7
DOE partnership begins carbon dioxide injection tests in Michigan Apr 12
University of Utah and Headwaters team up on carbon sequestration project Apr 12
Casey, Robert
Four amendments before U.S. Senate will control energy costs, protect coal jobs May 16
Caspiche Mine
Exeter's Caspiche Mine in Chile is proving to be one of the largest finds in recent history Oct 20
Caterpillar
Caterpillar celebrates its official launch of the F series trucks* Dec 34
Caterpillar introduces new ground-engaging tools Apr 33
Caterpillar sees signs of change in the next 18 months Apr 11
Caterpillar to cut executive pay Feb 23
Mining greats to be honored at 27th annual American Mining Hall of Fame Awards Banquet* Nov 32
Cecala, A.B.
Laboratory investigation of enclosed cab filtration system performance factors Jan 48
Cement
Industrial Minerals* Jun 37
Chapman, M.C.
Analysis of seismic signatures from gas- and dust-based explosions at the Lake Lynn Experimental Mine Jun 91
Chauhan, M.
Industrial Minerals Jun 70
Chavez, Hugo
Chavez threatens to seize gold concessions in Venezuela Mar 12
Rusoro Launches hostile bid for Gold Reserve Jan 24
Venezuela seizes Gold Reserves' Brisas del Cuyuni project Dec 19
Chemical-related injuries and illnesses in U.S. mining* Jul 41
Chevron Mining
Chevron Mining donates land for Navajo Code Talkers museum Sep 13
Chile
Barrick Gold's Pascua-Lama gold silver project finally a go Jun 4
Barrick moves closer to production at Pascua-Lama gold project Apr 26
Barrick to sell 25 percent of Pascua-Lama output Oct 10
Barrick's Zaldivar Mine gets a dome cover over its stockpile* Aug 20
Caterpillar celebrates its official launch of the F series trucks* Dec 34
Exeter's Caspiche Mine in Chile is proving to be one of the largest finds in recent history Oct 20
Production down, costs are up at Antofagasta Sep 11
China
China detains Rio Tinto executive on spying charges Aug 11
China remains No. 1 gold producer Mar 16
China's copper imports surge in February Apr 13
China's Hunan Valin strikes a deal with Fortescue Apr 13
China's restrictions of rare earths exports aids Mountain Pass Oct 4
China's Yanzhou Coal Mining acquires Australia's Felix Resources for $3.5 billion Sep 14
China, Papua New Guinea to cooperate on joint project Dec 18
Chinese to invest $400 million in copper/cobalt project in Zambia Jul 15
Despite lagging profits, Grupo Mexico remains positive about copper Sep 11
Eldorado to buy Sino Gold for $2 billion Oct 15
Impact of China on drilling grade barite* Jul 25
Investor demand and China jewelry market could spark a platinum recovery Aug 14
Rare earths mine to come back on line to fuel green cars Oct 8
Rio Tinto receives credit offer from China's Exim bank Apr 13
Rio Tinto scraps deal with Chinalco; partners with BHP Jul 8
Tensions mount with arrest of four Rio Tinto employees Sep 14
China Nonferrous Metal Mining Corp.
Chinese to invest $400 million in copper/cobalt project in Zambia Jul 15
Chinalco
Chinalco plans to invest nearly $20 billion into Rio Tinto Mar 11
Rio Tinto receives credit offer from China's Exim bank Apr 13
Rio Tinto scraps deal with Chinalco; partners with BHP Jul 8
Chu, Steven
FutureGen back on track with funding from DOE Jul 14
Obama administration throws its support behind FutureGen Jul 4
Obama names mining- and energy-related Cabinet members Jan 4
U.S. Department of Energy will spend $2.4 billion on carbon capture and storage* Jul 7
Clean Air Act
EPA plans to reconsider carbon emissions policy Nov 8
High efficiency cartridge dust collectors slash emissions, save water and energy for major mine Dec 30
Clean coal
Clean coal facility could be headed for Wyoming Jun 30
Clean Coal Power Initiative project comes to a successful end Feb 10
Clean coal research gets a boost from Peabody Energy and Arch Coal Jan 13
Economic stimulus bill includes billions for clean coal Mar 9
GE, University of Wyoming reach clean coal agreement Jan 14
Clean Water Act
EPA to review 79 mountaintop mining permits Oct 6
Mountaintop mining restrictions reversed by appeals court Mar 14
West Virginia governor meets with EPA to discuss mountaintop mining Jun 8
Clean Water Restoration Act
Clean water bill could hurt economic projects Jun 8
CLEAR Act
CLEAR Act could be devastating to uranium mining Oct 11
Cleveland-Cliff's
Magnetic liners increase productivity, reduce energy consumption in iron ore grinding mills Dec 28
Climate change
Alcoa weighs in on climate change legislation Mar 13
Electricity and circulation fluidized bed power technology* Jun 20
SME should be involved in the future of energy Jun 6
U.S. Chamber of Commerce proposes trial on global warming Oct 6

U.S. Department of Energy will spend $2.4 billion on carbon capture and storage* Jul 7
U.S. House passes climate change legislation bill Aug 6
West would pay dearly for governor's climate plan Apr 4

Climax Mine
National Mining Hall of Fame celebrates the Class of 2009 Dec 39
Plans to reopen Climax Mine remain on hold Sep 10

CO2
Accelerated weathering of limestone for CO2 mitigation: opportunities for the stone and cement industries* Feb 27

Coal
Alpha Natural to buy Foundation Coal for $1.4 billion Jun 10
Arch Coal acquires Jacobs Ranch mine from Rio Tinto Apr 8
Bank of America to cut lending to coal companies Jan 16
Clean coal research gets a boost from Peabody Energy and Arch Coal Jan 13
Coal Review* May 50
Coal use for electricity predicted to increase May 16
Congress and coal producers seek solution to backlog of coal mining permits Nov 8
EPA decision to review mining permits is "playing with people's lives" Nov 8
Four amendments before U.S. Senate will control energy costs, protect coal jobs May 16
Increasing Kaltim Prima Coal overland conveyor speed to 8.5 m/sec (28 ft/sec)* Mar 23
Industry experts expect Wyoming's coal production to remain stable in 2009 Jan 26
Obama names mining- and energy-related Cabinet members Jan 4
Otter Creek coal tracts could net $1.4 billion for Montana schools May 15
Peabody announces long-term supply agreement and new mine in Indiana Apr 8
Peabody cuts Powder River Basin coal production, Rio Tinto scales back in Australia Feb 18
Peabody Energy completes agreement for joint venture in Mongolia Jun 14
Peabody Energy, Conoco-Phillips choose Central City, KY for coal-to-gas facility Jan 16
Portal 31 coal mine gets a second life Nov 12
Stability analysis of barriers protecting underground mine entries in coal slurry impoundments* Mar 37
Teck invites pension funds to purchase stake in coal unit Apr 26
U.S. coal production reached another record last year May 4
Ukraine-based Metinvest buys United Coal Jun 10
Update on refuge alternatives: research, recommendations and underground deployment* Dec 51
Utilization of belt air to ventilate working sections in underground coal mines* Apr 77
West Virginia governor meets with EPA to discuss mountaintop mining Jun 8
West Virginia University receives $1 million donation from Robert Murray Nov 12
World coal consumption predicted to surge by nearly 50 percent Jul 7

Coal Ash Reclamation, Environment and Safety Act of 2009
Environmental Protection Agency will begin regulating coal combustion waste Apr 7

Coal mining
Bucyrus introduces HydraCrowd technology Mar 36
Bucyrus PMC family of controls offers longwall integration Jun 31
Clean coal facility could be headed for Wyoming Jun 30
Electricity and circulation fluidized bed power technology* Jun 20
EPA vetos previously issued surface mining permit Nov 13
Frictional ignitions in underground bituminous coal operations 1983 to 2005* Aug 28

Coal permits
Hold on mining permits could lead to massive job losses, NMA warns May 8

Coal-to-liquid fuels
Peabody Energy, Conoco-Phillips choose Central City, KY for coal-to-gas facility Jan 16

Cobalt
Chinese to invest $400 million in copper/cobalt project in Zambia Jul 15
Tenke-Fungurume copper mine production is progressing well Jul 15

Coeur d'Alene
Coeur d'Alene plans to expand Nevada silver mine Nov 12
U.S. Supreme Court clears the way for Kensington gold mine Jul 12

Colorado
Colorado Supreme Court sets aside Summit County cyanide ban Feb 20
Metals recovered from mine water provide new revenue stream* Oct 22
National Mining Hall of Fame celebrates the Class of 2009 Dec 39
Plans to reopen Climax Mine remain on hold Sep 10
Uranium mill in Colorado clears local hurdles Dec 20

Colorado Mining Association
Colorado Supreme Court sets aside Summit County cyanide ban Feb 20
Stewardship, sustainability theme of SME Annual Meeting* May 61

Colorado Supreme Court
Colorado Supreme Court sets aside Summit County cyanide ban Feb 20
Combining for strength: an integrated approach to water and mine waste* Aug 22

Common clay
Industrial Minerals* Jun 38
Computational fluid dynamics study on hot spot location in longwall gob* Aug 36

Cone crusher
FLSmidth introduces world's largest cone crusher Nov 25

Congo
Freeport-McMoRan producing metal at Tenke Fungurume Dec 12

Congress
Office of Surface Mining announces the availability of more than $298 million Feb 10
Update on refuge alternatives: research, recommendations and underground deployment* Dec 51
Western Business Roundtable warns of looming energy troubles Dec 8
Congress and coal producers seek solution to backlog of coal mining permits* Jul 7

Congressional Western Caucus
West would pay dearly for governor's climate plan Apr 4

Conoco-Phillips
Peabody Energy, Conoco-Phillips choose Central City, KY for coal-to-gas facility Jan 16

Consol Energy
High speed communications in harsh environments Feb 36

Construction aggregates
Industrial Minerals* Jun 39
Continuous improvement and teamwork are the keys to success at Phoenix Mine* Apr 34
Controlling dust exposures in longwall mining utilizing a simple barrier* Dec 58

Conveyor
Increasing Kaltim Prima Coal overland conveyor speed to 8.5 m/sec (28 ft/sec)* Mar 23

Cook, R.E.
Mining for operational excellence Nov 26

Copper
250 expected to be hired at Freeport-McMoRan's Miami Copper mine Dec 16
9th Circuit Court of Appeals blocks Asarco's land swap with BLM Oct 6
ABB wins order to supply new copper mine with $28 million in drive systems May 13
China's copper imports surge in February Apr 13
Chinalco plans to invest nearly $20 billion into Rio Tinto Mar 11
Chinese to invest $400 million in copper/cobalt project in Zambia Jul 15
Despite lagging profits, Grupo Mexico remains positive about copper Sep 11
Exeter's Caspiche Mine in Chile is proving to be one of the largest finds in recent history Oct 20
Freeport-McMoRan producing metal at Tenke Fungurume Dec 12
Ivanhoe announces new discovery at Oyu Tolgoi project in Mongolia Jan 34
Kennecott discovers massive molybdenum deposit Nov 10
Mongolian parliament will allow government freedom to renegotiate terms of Oyu Tolgoi project Aug 9
Oyu Tolgoi investment agreement could be completed soon Jun 14
Pebble Project moves forward after election victory* Jan 38
Production down, costs are up at Antofagasta Sep 11
Tenke-Fungurume copper mine production is progressing well Jul 15

Cortez Hills
Judge refuses to halt Nevada gold mine Mar 14

Couer Alaska Inc.
Supreme Court listens to Kensington gold mine case Feb 10

Courtney, A.
When ignorance meets greed: welcome to the new mining law Feb 8
Cover design
Proceedings of Elko 2009: mine closure and cover design* Jul 37
CPM Group
Silver study predicts increased production and demand in 2009 Jun 17
Crangle, R.D.
Industrial Minerals Jun 41
Crowson, P.
Trends in minerals exploration activity Nov 19
Crushing
Improving storage and handling of ores in mining and processing operations* Oct 25
Crystallex Int. Corp.
Chavez threatens to seize gold concessions in Venezuela Mar 12
CVRD
CVRD president turns to government to ease labor laws Jan 21
Cyanide ban
Colorado Supreme Court sets aside Summit County cyanide ban Feb 20

D

Davis, A.
Post-closure flooding of the Homestake Mine at Lead, South Dakota Mar 43
De Beers
AngloGold to team up with De Beers in offshore venture Nov 14
Diamond market might shine again sooner than later May 10
Debswana
Diamond market might shine again sooner than later May 10
Democratic Republic of Congo
Tenke-Fungurume copper mine production is progressing well Jul 15
Dempsey, Stan
National Mining Hall of Fame celebrates the Class of 2009 Dec 32
Denison Mines Corp.
$118 million uranium mine planned in Zambia Oct 12
Uranium spot prices could be on the rise in 2009 Jun 17
Denver* May 61
Stewardship, sustainability theme of SME Annual Meeting* May 61
Department of Interior
American coal mines honored by the Department of the Interior Dec 14
Department of the Interior
Salazar set to take on a nearly impossible job at Interior Feb 4
Dexing copper mine
Metals recovered from mine water provide new revenue stream* Oct 22
Diamonds
Diamond market might shine again sooner than later May 10
Value of diamond deals declined 73 percent in 2008 Aug 13
Diatomite
Industrial Minerals* Jun 41
Diavik
Value of diamond deals declined 73 percent in 2008 Aug 13
Dimension stone
Industrial Minerals* Jun 42
Do light-emitting diode cap lamps enable improvements in miner safety?* Oct 43
DOE
Clean Coal Power Initiative project comes to a successful end Feb 10
Computer models help green up power Dec 18
Department of Energy training programs receive Senate approval May 8
DOE partnership begins carbon dioxide injection tests in Michigan Apr 12
Electricity and circulation fluidized bed power technology* Jun 20
Energy Fuels announces additional DOE lease acquisitions Sep 15
FutureGen back on track with funding from DOE Jul 14
Obama administration throws its support behind FutureGen Jul 4
U.S. Department of Energy will spend $2.4 billion on carbon capture and storage* Jul 7
Where to store nuclear waste now that Obama kills Yucca Mountain Oct 4
Dolley, T.P.
Industrial Minerals Jun 53
Dolores Mine
Minefinders pours its first gold dore from Dolores Mine Jan 34
Dragline
Advanced safety brakes are critical to dragline and shovel performance Jul 35
Drake, P.L.
Chemical-related injuries and illnesses in U.S. mining Jul 41
Drift of Things
2008 planned exploration spending increases 26 percent May 4
A few exploration projects are still going forward Jan 4
Barrick Gold's Pascua-Lama gold silver-project finally a go Jun 4
China's restrictions of rare earths exports aids Mountain Pass Oct 4
Despite economic woes, value of minerals produced increased May 4
Even mining execs believe the slump has bottomed out Nov 4
Mining law reform stands a chance this time around Aug 4
Obama administration throws its support behind FutureGen Jul 4
Obama names mining- and energy-related Cabinet members Jan 4
Public likes science, scientists think public is ill-informed Aug 4
Salazar set to take on a nearly impossible job at Interior Feb 4
Slump not over but there are signs of better things for mining Nov 4
SME implements Local Section Grant program Jun 4
Some signs of improvement in the mining industry Sep 4
U.S. coal production reached another record last year May 4
Underground construction has withstood the downturn Sep 4
West would pay dearly for governor's climate plan Apr 4
Where to store nuclear waste now that Obama kills Yucca Mountain Oct 4
Drilling
Continuous improvement and teamwork are the keys to success at Phoenix Mine* Apr 34
Terex drill carousel innovation spurred by customer need* Nov 21
Duluth Metals Ltd.
New Minnesota mining projects remain on track despite economy* Jul 29
Durbin, Richard
Congress and coal producers seek solution to backlog of coal mining permits* Jul 7
Sen. Durbin looks for FutureGen commitment from Obama administration Jan 10
Dust collection
High efficiency cartridge dust collectors slash emissions, save water and energy for major mine Dec 30
Dust control
Controlling dust exposures in longwall mining utilizing a simple barrier* Dec 58

E

E-books
Stewardship, sustainability theme of SME Annual Meeting* May 61
Economics
Bank of America to cut lending to coal companies Jan 16
Financial report finds 2008 was good for the top 40 mining companies Aug 8
Mining industry contributes millions of dollars to economy Mar 9
Economy
Barrick reports $5.4 billion loss Dec 10
Caterpillar sees signs of change in the next 18 months Apr 11
Caterpillar to cut executive pay Feb 23
Diamond market might shine again sooner than later May 10
GM bankruptcy could hurt Stillwater Mining Jan 19
Mining industry added jobs in 2008 Jan 12
More jobs lost because of slumping economy Feb 23
Slump not over but there are signs of better things for mining Nov 4
SME is in good shape, despite recession Nov 6
Third quarter earnings strong for Newmont Mining Dec 10
Tough times not enough to deter more than 2,200 from Northwest Mining Meeting* Feb 33
Ecuador
New mining law in Ecuador draws praise from Canadian miners Mar 12
Education
Energy school proposes uranium research center Jan 14
